Chicago Carpenters Tie Up the Trade.

WORK ENTIRELY SUSPENDED.

Several Attempts Made by Non-Union Men to Work but They Were Soon Persuaded to Quit—Indianapolis Carpenters Still Out—Strikes Elsewhere and Other Labor News.

CHICAGO, April 16.—The building trades in Chicago are almost at a standstill. The striking carpenters have fulfilled their promise to tie up the town. A few attempts to do work were made by the bosses yesterday, but in most instances but one man reported for work where fifty should have been engaged. Reports from the strikers' agents at Racine and other points where the bosses have sent men to hire carpenters were to the effect that none of the craftsmen would come here to take their striking brethren's places.

There was a bit of excitement in the morning at the new Brotherhood baseball park on Wentworth avenue and Thirty-third street. The contractor secured fifteen carpenters from various country towns within the past week, and yesterday morning started them to work on the grand stand. Within a short time a committee of the strikers from the headquarters at Thirty-seventh street and Wabash avenue were on the ground reasoning with the new men and endeavoring to persuade them to quit.

The contractor feared violence, and asked for police protection, and a squad of officers from the Thirty-fifth street station were sent to the park. They had nothing to do, however. The strikers' committee soon convinced the new men that it was to their interest to quit, and the fifteen men signed the union roll. All work on the Brotherhood ball park is stopped.

A number of the cloakmakers employed by F. Siegel & Brothers at 222 Market street, quit work yesterday, on account of dissatisfaction with the foreman. The firm employs several hundred persons, many of whom are women. The strikers, however, were all men. The firm says the strike will not impair their business.

## Indianapolis Carpenters Strike.

INDIANAPOLIS, Ind., April 16.—The striking carpenters met at Mansur hall yesterday and compared notes upon the situation, some 800 being in attendance. It was learned that fifteen of the union men were at work under contracts which conceded the advance, but that only three contractors had conceded the terms, and three only until work now in progress could be completed.

It was also found that about fifty non-union men had been secured to take the places of the strikers, and committees were appointed to wait upon them and induce them to abandon work and join the union. The efforts of the committees were partially successful, as fully one-half of the non-union men came to the hall before noon and asked to be admitted to the union. The effort was continued during the afternoon, but without further success, as the non-union men were receiving thirty-five cents an hour, and had been promised steady work.

The meeting became very much excited during the afternoon over a report that the bosses had sent out to the surrounding towns, and were preparing to bring in a large force of non-union men. A committee was at once dispatched to the station with instruction to expostulate with the new comers, and attempt to get them into the union if possible. The rumor, however, proved to be groundless, and the excitement rapidly subsided.

The contractors are still firm in their determination not to grant the demand unless the unions will form some basis of classification, and the strike promises to be a protracted one. A few of the contractors would like to compromise on a slight advance now and a further advance later in the season, but this the unions will not consent to under any circumstances.

## State of Affairs in Pittsburgh.

PITTSBURGH, April 16.—The special grievance committees of the various brotherhoods of railroad employees waited upon the managers of all the railroads entering this city yesterday and presented in writing their statement of grievances and demands. It is stated that between 8,000 and 10,000 men will be affected by the strike should it occur. The demands are in substance: Increase of wages for yardmen, trainmen, etc.; no one but yardmen must do yard work; shorter hours; no man must be discharged without his case has first been laid before the grievance committee.

No copy of the list of grievances, said to be sixteen in number, has been given to the press. The grievance committees said at every office visited, that they would return again for an answer. It is claimed that if favorable replies are not received, all employees will quit work to-night.

The general officers of the Federated Order of Railway employees have been telegraphed for asking them to attend a meeting of railway men in this city this afternoon. At this meeting the advisability of calling out all railroad employees will be considered.

It is stated authoritatively that the passenger conductors and engineers will strike, if necessary, to gain the demands made. One of the delegates at last night's meeting said that the strike will embrace all of the men outside of the passenger service, and will effectually close traffic on all roads centering in this city.

The yardmen and roadmen are receiving from \$1.50 to \$1.95 per day. The advance demanded ranges from thirty to fifty-five cents per day.

## Strike Settled.

NEW BRITAIN, Conn., April 15.—The strike in Russell & Erwin's screw factory was settled yesterday. Seventy girls who have been out two weeks, resumed work. They asked for fifteen cents a day more and the company gave them five cents advance all around.

Excursions to Cardiff for the sale will be arranged from principal cities of the North and West.

Proceeds of sales and \$2,000,000 cash now in the treasury of the company, to be expended in the development of the property by the erection of two one-hundred-ton blast furnaces, one thousand Cokes Ovens, Hotel, the largest Basic Steel Plant in America, Motor Line, Rolling Mills, Nail Mills, Electric Lights, Manufacturing Plants and Public Buildings.
